# PASSION FOR PLANET

## BRINGING NATURE INTO LIFE EVERY DAY AND EVERY WAY

# CLIMATE EMERGENCY

According to the World Meteorological Organization, the world is now experiencing the warmest five year period on record. The average global temperature for 2015–2019 is on track to be the warmest of any equivalent period on record and is currently estimated to be 1.1°Celsius above pre-industrial times.

Widespread and long-lasting heat waves, record-breaking fires and other devastating events such as tropical cyclones, floods and drought have had major impacts on socio-economic development and the environment.

## Let the Children to live in a livable Planet

Recent climate strikes have shown that young people and civil society are demanding action on climate and want to be engaged in the decision making process. The time to respond with action is now.

# CHILDREN CLIMATE CONFERENCE

“**EDUCATION IS KEY  
TO ADDRESSING  
CLIMATE  
CHANGE**”

Children's Climate Conference is a life-changing event for the School Children who attended. Many of them commented that the event is one of the few forums in which children are trusted with challenging International content and given an opportunity to voice their opinions about critical world issues.

Children Climate Conference brings School Climate Champions together from more than 20 countries and territories to share their Climate Solutions on the Global stage and deliver clear message to the World on the defining issue of our time.
