Special Consultative Status with the
Economic and Social Council of United Nations from 2021

Green Mentors is a non-government sustainable & responsible education solution provider organization having special consultative status with the Economic and Social Council (ECOSOC) of the United Nations.

Green Mentors - an organization that is powered by Nature promoting the Spirit of Sustainability through Education across the world. We are inspired by a strong vision to see a world driven by the Law of Nature, and natural resources...a world that is full of happiness by having shared values with respect to nature and its biodiversity.

Green Mentors proudly conduct Climate Olympiad, a Global Campaign for Climate Change first time on The Planet - for The Planet, and successfully presented a whole new community of Climate Champion Students, Climate Mentor Teachers, Climate Crusader Principals and Pro-Climate Schools to the World.

KNOWING
CLIMATE
IS SAVING
CLIMATE
because there is
NO PLANET B

It is well known that Climate Change is the greatest threat of our times. No challenge poses a greater threat to humanity and our future generations than Climate Change. And since nobody on this planet is going to be untouched by the impacts of Climate Change; we feel that each of us has to be intensely involved in the Climate Actions.

Climate is critical. We are certain that as the Principal educator of your School, you are doing your utmost to inspire your students to believe that each of them can contribute towards reducing their carbon footprints in several small ways.

Realizing that every single person has the power to Change the World, we feel delighted in helping you to take up this cause and make your students involved in the great drive for Climate Change.

We therefore Green Mentors present the CLIMATE OLYMPIAD which is open to all students from Class III onwards. This will focus on raising the fundamental awareness of the Climate, building a deeper understanding of its integral components and the inculcation of right attitudes and values towards different aspects of the Climate.

The CLIMATE OLYMPIAD is presented in five different levels and consists of some visuals and multiple choice questions. There will be no negative scoring, only positives.

LEVEL	GRADES	FEES
A	III & IV	\$ 5/Student
B	V & VI	\$ 5/Student
