**TO SEE A WORLD  
DRIVEN BY THE LAW OF  
NATURE, AND NATURAL  
RESOURCES...A WORLD  
THAT IS FULL OF  
HAPPINESS BY HAVING  
SHARED VALUES WITH  
RESPECT TO OUR  
NATURE, ITS  
BIODIVERSITY AND  
HAVING A GLOBAL  
GREEN COMMUNITY.**

Green Mentors – a Private Limited Company powered by Nature invites people from all sections of society to share their stories related to Nature and promoting spirit of sustainability.

Green Mentors is promoting environment through various other nature connected areas of business i.e. Clothing, Lifestyle, Energy, Water, Technology and Transport.

We are inspired by a strong vision to see a world driven by the Law of Nature, and natural resources...a world that is full of happiness by having shared values with respect to our nature, its biodiversity and having a global green community.

## The Challenge

The call for awakening and the need to look deeper into nature becomes urgent. We are just a thread in the web of life but we are bound together. Our actions impact the world. We belong to the Earth and in order to make life worth living, let us preserve that knowledge which is about to get extinct.

Yes there is a tremendous wealth in our land and our people. Practices, customs and folklore with the rural and hitherto unknown people can contribute greatly to our warehouse of knowledge.

The **National Green Story Challenge** is an initiative to archive these stories and lesser known facts. Children love exploring and discovering. They greatly enjoy tales of the land passed on to them through their parents, grandparents and others they meet on various trips and travels.

Often these leave an impression or a question on their minds which can be captured imaginatively. The **National Green Story Challenge** seeks to harness this creative and innovative spirit of children together with their sensitivity towards the environment and biodiversity.

**There is no Place without a Story and No Story without a Place.**

## The Opportunity

The National Green Story Challenge is an opportunity for all students, adults and all elders to join this movement to honor the multitudes of **unsung heroes** from all the corners of Nation.

We invite budding writers, aesthetic artists and creative caricaturists to lend their support and contribute in promoting harmony with Mother Earth in order to ensure the sustainable use of all its components by presenting their original stories, posters and cartoons.

## Write Now!

The environment is one thing that all of us share and so the challenge is open to a wide spectrum of people. Students from **Grade VI onwards** and **all adults** can submit their **Green Stories** related to the following Categories.
